

## Off-Site Programming Participation & Transportation Waiver/Release Form

Dear Parent/Guardian,

As a part of our commitment to the highest quality education and enrichment programming, we will offer several opportunities throughout the academic year for your scholar to enjoy hands-on experiences outside of the classroom and beyond the walls of our school building. This may include field trips, day trips, community walks, and outdoor activities, as well as skill-specific training such as swimming lessons or golf instruction.

Transportation to and from our off-site programming, when provided by Cresthaven Academy Foundation or Cresthaven Academy Charter School, will always be supervised by a Cresthaven staff member, and may include various forms of transportation such as walking, CAF van transport, personal vehicle, or third-party privately chartered school bus.

Please complete and return the participation and transportation consent form below by September 1, 2016 to give Cresthaven Academy Foundation and Cresthaven Academy Charter School permission to provide off-site enrichment programming and transportation thereto for your scholar during school, after-school, or Saturday Academy hours throughout the 2016-2017 academic year and any associated summer programming.

Sincerely,

Cresthaven Academy Foundation  
Cresthaven Academy Charter School  
***Whole Child. Whole Future.***
